

WAVERLEY PRIMARY SCHOOL

Inspiring today's learners to thrive in tomorrow's world

Kia ora e te whānau,

It is nice to be back at school after my trip to the New Zealand Principal's Federation Conference in Queenstown last week. I was inspired by some incredible keynote speakers, connected with some old colleagues and made some new friends. Thank you to the board of trustees for allowing me the opportunity to go. A huge thanks also to Hannah Lupton for leading the school in my absence.

One of the really interesting developments from the conference was the possibility of a cross coalition education committee. Meaning that an education spokesperson from each major party would create a committee to essentially take the education out of politics and stop your children's education from being a political football every election cycle. This would be greatly appreciated due to the amount of money that has been spent over the last few decades on new educational initiatives that the newly elected government think is the next quick fix for our education system.

There are some slight adjustments to the school lunches menu next term. If your children want to opt in or out of the school lunches please let your teachers know so this information can be passed on.

I want to congratulate all of the runners who participated at the Taranaki Cross Country yesterday. I am incredibly proud of you all. A special mention must go to Jack Casey who placed 3rd, and Skylahray Ratana who placed 4th.

The classroom upgrade has finally started in the senior block. It is great to see how quickly things are moving along with this project. It is a six-week minimum project so the junior hub will be full for the first few weeks of the next term.

Lastly this week I want to thank all of the people who have been involved in the development of our 2023 School Production. It has been a massive undertaking from the staff and I am really looking forward to seeing the show next term.

Have a great holiday. See you back on Monday 9th October for Term 4.
