

**WAVERLEY PRIMARY SCHOOL***Inspiring today's learners to thrive in tomorrow's world*

Kia ora e te whānau,

Yesterday we had an amazing day with the Lamb and Calf Day and the farm day that followed. We had the children split into groups and rotating around a mix of farming related and fun activities. The reports from the children were very positive. Thanks to all the parents who turned up to watch and help out.

On Tuesday the 14th November the school children are able to attend the Waverley A&P Show day. There are a lot of different activities that the children and families can enter in. Please show your support for the day and enter any activities that appeal to you. For more information please see the flyer at the back of our school newsletter this week.

I would like to thank the Waverley Fire Brigade for their assistance in filling our swimming pool for the swimming season. We have had so many problems with our pool in past years, leaks, broken pumps and filtration units. We are hoping that the freshly painted pool with the new pump and filtration system installed last year will allow us to have a long and productive swimming season. More information will come home with the children before the swimming season starts.

Finally this week I would like to put a plug out there for 'Movember'. This is the month of Movember and it is a time where we can raise awareness for 'Men's Health'. There are many ways that we can support this initiative, whether it being growing a mustache, raising money or even by having a conversation with a man in your family about their health. Movember used to be about raising awareness and funds for prostate cancer which is one of the cancers that kills many men each year, but it has moved on to other health areas such as mental and physical wellbeing.

Reminder about our Gumboot day tomorrow which supports young people who are struggling with their mental health. Please bring a gold coin.

Have a great weekend.
